What is the Enneagram?

Have you ever felt frustrated by a situation in your life and realized that you have been in this situation before?

Have you had a conflict with a person in your personal or professional life and wondered how you were going to move past it and resolve your issues?

Have you ever felt “stuck”?

The enneagram is a dynamic symbol of transformation. It can be used to provide direction in our experience of being human.

Participants will be introduced to the enneagram symbol and helped to discern their place on it.
